- 4th Place with husband Rod in the NRSL Open Doubles tournament in Fonthill.

Husband and Wife "Shufflers"

Kelly is a member of the Polish Legion Branch 412 in Kitchener.

As a teenager Kelly would play for fun at some of the local venues.

She and husband Rod have been married for thirteen years. Rod also plays Shuffleboard.

As a matter of fact he is the reason she gained interest in playing.

Rod belonged to the Kitchener League and she would go out to watch. Kelly decided why not get into the game also. "If he can do it, I can do it"

After playing for fun for awhile she was approached to join a

"rookie" team with three other newer players and they named themselves "The Zammies."

After the first year of coaching from two more experienced players the team managed to come first in the KWSL regular season as well as capture first place in the finals.

After that season she decided to start her own all girl team and the original Shufflebroads were born.

Kelly and her Shufflebroads

Kelly took all she had been taught while playing for the Zammies and coached her girls every week at league. Now those girls are competing in tournaments as well.

Kelly plays in most of the OSA tournaments and has also played the last few years in the Play-downs.

You can't say she could ever be bored. She not only plays Shuffleboard but has convened for the RCL zone Shuffleboard event and she has helped to run OSA tournaments. She loves Baseball and Soccer and is an animal lover.

She worked for twenty nine years at a local meat packing plant and is now a full time bartender at her Legion Branch 412 in Kitchener.

She's definitely a busy girl but always has time for her family and friends.

Following In Her Dad's Footsteps

Kelly has had a love for music from a very young age.

Her Dad had his own band so she was always surrounded by music.

She plays guitar, piano and has won the National Accordion championships three years in a row.

Is it any wonder why she would not have her own band now!

Her husband plays drums in the newly formed group "R Fault".

They love to play for friends functions and play at some of the local clubs and will surely be around for awhile!
