

Darlene Brown

OSA Player

She enjoys shuffleboard more than bowling

Darlene comes from Sault Saint Marie, Ontario and now lives in Milton, Ontario.

She has three children and one granddaughter.

She bowled for more than twenty years for the Delhi German Hall so this has been a great alternative and she says she enjoys shuffleboard much more.

She was introduced to the game when she met her life spouse and "partner in crime" Francis (Farmer) Baverstock.

She says "As a couple, it gives us a night out and a chance to meet with friends."

Darlene used to play in Sault Ste. Marie, Ontario, her home town, at the Legion in her younger days but only for fun and certainly not on a team.

She plays every Friday night in the Milton league and tries to make it out to what tournaments she can.

Darlene has been playing over a year now and thinks it has been really great to meet such good friends.

It certainly has proved to be a game of skill and concentration and the challenge keeps her going.

She likes to play in the OSA tournaments and has had several partners who have taught her a thing or two.

She hasn't played any Provincial or National competitions but who knows what tomorrow will bring.

Darlene says "I guess the best part of the game is to have met such good people and having such a good time."

For her "It's all good!"

Victory!

Her fondest Shuffleboard memory to date, is beating her spouse Farmer in a game in Milton.

Farmer

Keeping busy is not hard for Darlene

One of Darlene's other hobbies is to sing karaoke which she enjoys so very much and often enters contests in her area.

Through the week she is employed at Martindale Gardens, a retirement residence in Milton.

She is known as the "Singing Housekeeper". As she cleans apartments and does receptionist work she sings some of her favorite Karaoke tunes, much to the enjoyment of the residents.
